The lightweight granite finish Bravo Spotter delivers incredible efficiency and power in a deceptively small package.

No set-up time - simply unload and begin cleaning immediately.

Compact size and manoeuvrability make the Bravo Spotter ideal for spotting and quick cleaning of small carpeted areas, upholstery and car interiors.

Operators will appreciate the specially designed moulded-in holders that carry spray bottles, leaving the hands free. Over time it's a winner too, thanks to the upright mounted vacuum motor and oversized recovery tank that combine to ensure longer motor life.

The Bravo Spotter comes complete with a hose assembly and dual purpose hand and upholstery tool so it's ready to go when you are.
